May 14, 2012

WILLIAM & DIXIE BELOUS
882 COUNTY ROAD 403
MCKINNEY, TX 75069-2501

Dear Collin County Property Owner:

Please be advised that due to concerns over the name change, the request for changing County Road 403 to Dowdy Road will be removed from today's Commissioners Court agenda and moved to the session on June 4 at 6:00 pm. Citizens who wish to participate may fill out a blue card (near the entrance of the courtroom). Please check the week before for any court changes, http://public1.co.collin.tx.us/public_notices/default.aspx

The effective date will change to June 4 for the rural road name and address updates in your area (please refer to the previous letter dated April).

Response to concerns:

The change from Dowdy Rd to CR 403 was for 9-1-1 response

The County Public Works Department requested adoption of a County road numbering system in 1983 for more efficient maintenance records of county roads.

The change to a 9-1-1 address numbering system from the postal route and box numbering began in 1992.

9-1-1 and postal services prefer road names over numbers, to avoid confusing house and road numbers.

Planned development using Dowdy Cir

The Collin County Engineering Department has no plans under review that involve a road named Dowdy.

The Collin County Addressing Standards require that:

All County-maintained roads shall be designated with either a County Road number or a name, not both, for consistent 9-1-1 addressing.

All roads that extend in or out of a municipal incorporated area shall be designated by the assigned municipal street name, upon approval of the designation change by the Collin County Commissioners' Court.

These changes are intended to facilitate both 9-1-1 emergency response and mail delivery.

The post office will continue to forward mail addressed with the old address for a period of twelve (12) months.

Emergency service dispatchers and the Collin Central Appraisal District will be notified by this office of this change to the 9-1-1 database.

The two Collin County Department of Public Safety (DPS) offices, in McKinney and Plano, will update the address on drivers licenses at no charge when shown the 9-1-1 address change approval letter.

Property deeds are not affected by a change in address - even though the deed may reference a physical address, the legal description is the permanent property identifier. This office will provide an address verification letter at no charge, if ever needed in the future.

Sincerely,

Ramona Luster

All County-maintained roads shall be designated with either a County Road number or a name, not both, for consistent 9-1-1 addressing.

All roads that extend in or out of a municipal incorporated area shall be designated by the assigned municipal street name, upon approval of the designation change by the Collin County Commissioners' Court.

These changes are intended to facilitate both 9-1-1 emergency response and mail delivery.

The post office will continue to forward mail addressed with the old address for a period of twelve (12) months.

Emergency service dispatchers and the Collin Central Appraisal District will be notified by this office of this change to the 9-1-1 database.

The two Collin County Department of Public Safety (DPS) offices, in McKinney and Plano, will update the address on drivers licenses at no charge when shown the 9-1-1 address change approval letter.

Property deeds are not affected by a change in address - even though the deed may reference a physical address, the legal description is the permanent property identifier. This office will provide an address verification letter at no charge, if ever needed in the future.

Sincerely,

Ramona Luster
9-1-1 Rural Addressing Coordinator, Collin County
